

## Questions for Contemplation and Conversation

052420

When in your life have felt the most free? (Not looking for a spiritual answer necessarily – getting driver’s lic., first apartment, etc.)

How would you define freedom?

How is freedom in the Bible like our American notions of freedom?

How is it unlike?

Where has God spoken to you recently?

What do you feel he has been saying?

What questions do you have about the Scripture passage or the message?

What baby step that you could take towards freedom in the Spirit or living with an unveiled face?

On a spectrum where one end (-5) is too open and exposed and the other (+5) is too closed and protected, where would you put yourself? Where would you put DBIC?

Pray for each other that you might know new levels of freedom in the Holy Spirit, then continue to pray about other needs that are present.
