

## Questions for Conversations

05.23.21

How would you do define love to an alien that just landed on the planet?

Why do we associate with the color red? (I don't think there is a single right answer)

If you could pick a different color what would it be and why?

What do you think Jesus was referring to by "these" in verse 15?

If he was asking you the question, would he be point at?

What do you think about Rob's point that the only right answer to the question, "Do you love (agape) me?" is "No"?

Why do you think Jesus connects Peter's declaration of love with action for others?

What does that mean for our understandings of love and our claims of love for God?

Share and prayer

As part of this time, spend some a few moments assuming Rob is on to something. Ask God to give you more love, to increase your capacity to love.
