

Questions for Conversations

07.17.22

What are you most afraid of at this moment in your life (snakes, health, not having enough money, etc.)

How has God been speaking to you lately? What has he been saying?

What questions do you have about this week's message?

Rob's 2 main points from the passage was to observe the early church's 1) promptness to pray and 2) their desire for boldness in witness.

Spend some time thinking about talking about why we are so reluctant to witness.

What will it take for you as an individual and we as a church to be able to say, "As for us, we cannot help speaking about what we have seen and heard."

Rob suggested that perhaps we need another Easter or Pentecost. Which do you think you need more? Why? Which does the church need more?
