

## Questions for Conversations

103022

As this is All Saints Week also, perhaps you want to share names or stories of people that helped you along in the faith.

Rob said the sermon was about celebrating the Reformation and continuing to refine our thinking.

What are you grateful about the Reformation (gospel of salvation by grace, worship [both sermons and song] in language you can understand, clergy that can marry [this is one of Rob's], view of the two kingdoms, many don't know that Luther discovered/recovered the idea that marriage was supposed to be enjoyable)

What parts of the faith (in general or for you personally) still need to be reformed?

Gospel

What part of hearing the gospel again caught you this time?

Kingdom

What clarifications, changes to the Anabaptist notion of Two Kingdoms might need to be made?

How might this notion impact your voting practices?

Share and prayer.
