What questions do you have about this week's message?

Rob suggested that the gathered community of faith is God's ultimate goal.

Do you think he's right? Why or why not?

Rob suggested that we think of the church as a household.

Does this actually change anything?

If it does, what might some things be?

How do we go about fostering a sense of household as we gather?

Rob mentioned the passive verbs in verses 1, 4, 7, 16. This seems to suggest that this household is a work of God, but we are also instructed in verse 3 to make every effort to maintain the unity, which seems like we have a part in this.

What is the split of responsibility? (50/50)?

Which of the application steps are easiest? Most difficulty? What is a concrete step you can take to develop each one?

- Understand what God is about
- Be focused on what God is about
- Engage in what God is about
- Rejoice in what God is about
