

## Questions for Conversations

072323

What questions do you have about this week's message?

What is the longest amount of time you have prayed for something? (I am thinking in terms of days or years, but it is fine to answer in terms of hours for a one-time thing).

Jesus relates prayer to the pursuit of justice. How are these or should these be connected?

How is prayer related to faith?

Rob suggested that prayer was ultimately about intimacy with God. Do you agree with that? Are there parts of prayer that do not get caught by this understanding?

Spend some time thinking and sharing about why we as humans or you specifically quit praying?

Rob concluded by paraphrasing Luke 18.8

"When I return, will I find desperate, vulnerable people continually clinging to the character of God as they await things being made right?"

What can you do together as a group to make that more likely in each other's lives?

Share and Prayer
