

## Questions for Conversations

082723

What questions do you have about this week's message?

Does the thought of a few weeks on this material interest you, bore you, concern you? (I would be glad to hear back from anyone on this).

Think about and share a moment when God was most real to you?

Have you ever had a time when you weren't sure whether God existed?

How did you get through that time (assuming you have).

How can we pray for each other about this?

Share and prayer.
