

## Questions for Conversations

091023

What questions do you have about this week's message?

Verse 15 lists three things.

The law is written on their hearts,

Their consciences bear witness

Their thoughts sometimes accuse them and sometimes defend them.

Do you think these are three different things or three ways of talking about the same thing?

What do you think or believe about the final judgment? It is not a topic we talk much about. Share, ask questions, dig into the Bible.

Rather than fear the notion of a final judgment, Rob asserted that the moral demand of God was good news. What did you think about that?

How might you celebrate God's standards of right and wrong, even perhaps as you confess your breaking of those standards?

Share and prayer.
